itions skirt a spacious central lobby. There are seventeen pass windows in these partitions, which enclose eighteen booths, or compartments, for the office force and a ladies' writing room. These are connected with a private telephone system. In the middle of the public lobby are three marble desks each having cushioned seats at the ends.

A mezzanine floor over the entrance contains the director's room, which is beautifully decorated and has a large oval mahogany table at which the entire board can sit with ease. At the right and left of the vestibule on the ground floor are offices for the vice presidents. In the rear of the main banking room is another mezzanine floor constructed as a balcony, which is used by the stenographers. Several rooms in the rear provide ample toilet and storage facilities.

Spacious vaults surrounded by corridors occupy the center of the basement floor. In the front are the safety deposit compartments and in the rear is a large compartment for the storage of the bank's funds and valuable papers, in which is a huge spherical safe of marneese steel. An elevator runs from the basement to the mezzanine floor in the rear and gives a more convenient method of transporting books, papers and money to and from the vault. Furnaces, engines and dynamos are situated in a sub-basement in the rear.

The entrance to the office rooms of the building is in the rear on Third street, where two commodious elevators carry passengers to the various floors from a marbled lobby. The office rooms are finished in mahogany, are well lighted and are protected with fire-proof glazing on the building sides. The hallways have mosaic tiling. The structure is fire proof and but very little wood is used in it.

The Union National Bank was organized in 1905 as a consolidation of the People's Banking and Trust Company, and the Traders National Bank. It now has resources of \$2,300,208, and deposits of more than \$2,500,000. The report of its condition on December 2 shows that its deposits increased about \$400,000 over the same day of last year. Its officers and directors are W. Brent Maxwell, president; P. M. Robinson and Hugh Jarvis, vice presidents; S. H. White, cashier; and W. Brent Maxwell, S. A. Smith, C. S. Smiley, T. J. Parrish, F. E. Davison, James F. Allen, S. A. Elliott, E. L. Spraker, L. L. Lear, Porter Maxwell, John W. Stuart, Lee Boggess, J. Hornor Davis, W. S. Stuart, John W. Davis, Hugh Jarvis and P. M. Robinson directors.

Tonsiline Cures Smokers' Sore Throat
Habitual smokers are often troubled with inflammation of the throat. This is called smokers' sore throat, and frequently becomes so painful that food is swallowed with difficulty.

If nothing is done to prevent it, the disease may develop into cancer of the throat. Hundreds of men have had to resort to surgical operations because of it—many have died as a result of it. If you have smokers' sore throat, don't disregard it. It may be gone tomorrow but it will surely return again and in a more severe form. It is Nature's danger signal. TONSILINE will positively cure you and keep the throat clean and healthy, preventing the consequences of neglect. TONSILINE is the result of years of careful study and practical work, and is made from drugs used for years in the cure of throat diseases. TONSILINE destroys the poison germs of all kinds of sore throat and cleanses away painful and poisonous ulceration. It soothes and heals the tender mouth and throat membranes and removes the cause of throat trouble.

A quick, safe, soothing, healing antiseptic cure for Sore Throat, briefly describes TONSILINE. We know from long experience it will do all we claim for it. 25 cents and 50 cents. Hospital Size \$1.00. All Druggists.

A GOOD PRESCRIPTION

For a Long Life.
This is the prescription for a long life given by an old gentleman in Conn., who is 99 years old and still well and cheerful—"Live temperately, be slow to anger, don't worry, take plenty of exercise in the fresh air, and above all keep cheerful."

Should the system get run down—digestive organs weak—the blood thin and sluggish take Vinol, which is a delicious combination of the medicinal—body-building properties of cod's livers, with the useless grease eliminated and tonic iron added. We regard Vinol as one of the greatest body-builders and strength creators in the world for aged people.

Mrs. Mary Ivey of Columbus, Ga., says: "If people only knew the good Vinol does old people you would be unable to supply the demand; it is the finest tonic and strength creator I ever used."

We wish every feeble old person in this vicinity would try Vinol on our agreement to return their money if it fails to give satisfaction. Stone & Mercer, Druggists, Clarksburg, W. Va. P. S. If you have any skin trouble try Saxo Salve. We guarantee it.—Advertisement.

FOR ALL FAMILIES

From Infancy to Old Age a Reliable Family-Remedy is Most Needed—Try This One.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-remedy like Dr. Caldwell's Syrup Pepsin were given the beginning of a serious lung affection or of a typhoid fever might be avoided. And also in headaches, nervousness, etc., a small dose of this remedy would relieve the congestion and replace distress with comfort.

Mothers give it to their infants and little children and grown people take it with equally good effect. Thousands of good American homes are never without it among them the homes of Mr. William M. Frank, 1025 S. Sharp St., Baltimore, Md., and Mrs. Edgar E. Worthington, Norwich, Conn., who say they would as soon be without the necessities as without Syrup Pepsin. It saves the health of the family, and it saves doctor's bills. It is a guaranteed cure for any form of stomach, liver and bowel trouble, constipation, indigestion, biliousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of the family, however young or old, for it contains nothing injurious to the youngest person.

A bottle can be obtained at any nearby drug store for fifty cents or one dollar. The latter size is the economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discard pills, salts, cathartics and purgatives generally as they are too great a shock to an average system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postcard will do—to Dr. W. B. Caldwell, 412 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

NOSTRIOLA CLEARS THE HEAD, BREAKS A COLD, STOPS CATARRH

This Simple Common-Sense Treatment Costs But a Trifle and Brings Quick Relief.

Nostricola is a simple, harmless antiseptic balm that quickly opens the head, purifies and heals the mucous linings of the air passages and this treatment is much more pleasant and satisfactory than stomach-dosing to cure a cold.

Everybody knows that colds lead to Catarrh, Catarrhal Deafness, Catarrhal Headache, Nasal Catarrh, Hay Fever and kindred diseases.

The best time to cure Catarrh is before it becomes chronic, and the

quickest way to get results is to apply the treatment direct to the seat of the trouble.

The nostrils and the air passages are the breeding places for the Catarrhal and Hay Fever germs, and the parts are sore, swollen, and inflamed by colds.

The Nostricola Treatment always affords quick pleasant relief, and many people now use nothing else for Croup, Catarrh, etc.

A 25c tube of Nostricola contains sixty days' treatment and all druggists sell it. Buy a tube today, and you'll wish you had tried Nostricola sooner.—Advertisement.

THREE

(Continued from page two.)

service. Aeroplane equipment is entirely inadequate at the present time according to Secretary Meyer. He points out that while the United States spent only \$140,000 for this purpose last year, Japan spent \$600,000 and five European nations spent individual sums ranging from \$2,000,000 to \$6,000,000, the latter being the expenditure of France.

Secretary Meyer says there should be no limitation upon the progressive development of naval aviation. He recommends the creation of a naval reserve of about 50,000 men, 25,000 to be secured from the honorably discharged men of the navy, the naval militia, and various mechanical trades of civil life; the other 25,000 from among sailors of the merchant marine.

The application of the eight-hour law to all shipyard says Secretary Meyer will probably cause an increase in the appropriation necessary to build ships of a given type. As to small American navy yards Secretary Meyer makes no definite recommendations for their abolition, but suggests that if the American fleet is to spend part of its time on the Pacific coast after the Panama canal opens some of the navy yards on the eastern coast will automatically close from lack of work. As to the first class yards he adopts the recommendation of the general board that all their channels be dredged to a depth of at least forty feet and a minimum width of 750 feet.

STATE RIVERS

Are Not to Be Improved as Much as Held Out in the Campaign.

WASHINGTON, D. C., Dec. 6.—Much was said before the campaign about the surveys for various rivers ordered through the efforts of West Virginia representatives in Congress. It probably made good campaign matter but the value of the surveys can be seen when it is known that unfavorable reports have been made upon the plans to lock and dam these rivers in most of the cases. Unfavorable reports have been made in the case of the New river, Elk river, Coal river and Hughes river.

"Every Little Olive Tablet Has a Movement All Its Own"

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well known physician in Ohio, perfected a vegetable compound mixed with olive oil, to act on the liver and bowels, which he gave to his patients for years.

Olive Tablets, the substitute for calomel, are gentle, in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.

10c and 25c per box. The Olive Tablet Co., Columbus, O.—Advertisement.

NO MORE POISONOUS STOMACH GAS

Fermentation, Sourness and that Miserable Wrong Feeling in Stomach Goes in Few Minutes.

Stomach misery after eating the heartiest repast will never appear if you swallow two little MI-O-NA Stomach Tablets; not a cathartic, mind you, but a most efficient remedy that banishes poisonous gases, prevents fermentation and sourness, and helps the stomach to properly digest the richest food. Thousands of traveling men throughout this broad land are never without MI-O-NA Stomach Tablets.

At the first sign of distress, this friend of the stomach is brought forth and many a man has been saved from serious attacks of indigestion by taking MI-O-NA Stomach Tablets in time.

But bear in mind that MI-O-NA does more than give relief; if taken regularly as directed it will put an end to any case of indigestion no matter how chronic.

MI-O-NA Stomach Tablets are compounded from a physician's prescription; take them for dizziness, sick headache, acidity, nervousness, foul breath, heaviness and despondency, and if they do not give satisfaction, your money back. Large box 50 cents at Wells & Haymaker Co. and druggists everywhere.—Advertisement.
